

Fast Track

Learning Platform by EventsAIR

Your Journey to Success

Fast Track by EventsAIR is one of the most comprehensive event tech learning management platforms around. Designed with an event planner's busy schedule in mind, Fast Track gets you up and running quickly so you can create more successful events.

Getting Started

The first stage is designed to get new team members up to speed quickly. Nine topics are available with access to a sandbox pre-built with real world sample data. At the end of Stage 1 upon passing an exam, you will receive your Meeting Planner Certification.

Advanced

You can custom build your lesson plan from a library of over 30 advanced modules featuring:

- abstract management
- budgeting & accounting
- building attendee apps
- group management
- building event websites
- gamification

Certification

An industry first, Fast Track comes with a Train the Trainer course. You will be issued with an EventsAIR Trainer Certificate and acknowledged as an EventsAIR Trainer for internal team training.

Some of the great features you get with the Fast Track Program

- Self-paced online learning platform, accessible 24/7
- Live Chat help to support you on your journey to success
- Online Coaching hours to help keep you on track and give coaching in advanced modules
- Learning Sandbox with access to sample data and the full suite of modules
- Become an EventsAIR Certified Meeting Planner for greater industry recognition
- Online dashboards so you can view your progress

Optional add-ons

- Additional Coaching hours
- Onsite training workshops

Fast Track is just another way EventsAIR inspires more successful events. It puts you in the driver seat of one of the most powerful event management platforms in the world. We pride ourselves in leading the way in event technology and hope you enjoy using Fast Track to design your next big event.
